GLASSHOUSE UPLIGHTING

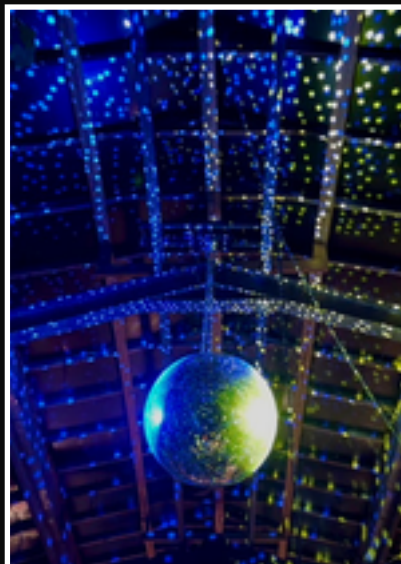

£250

THE EXPERIENCE

For those looking to add vibrant, dynamic colours to the Glasshouse in the evening, our computer-controlled LED uplighters are the perfect choice. Strategically placed around the perimeter, nestled among the plants, these lights provide bright and elegant uplighting from the moment your guests enter the Glasshouse. With full control over the lighting, I can set static colours to create a refined atmosphere during your wedding breakfast, and transition to dynamic, colour-changing effects once your evening entertainment begins.

KEY FEATURES

- 30 uplights in the Glasshouse.
- Warm white/cool white options.
- Computer/iPad controlled.
- Pastel or vibrant colours.
- Static or colour-changing options.
- Adds atmosphere to the room.

MIRRORBALL

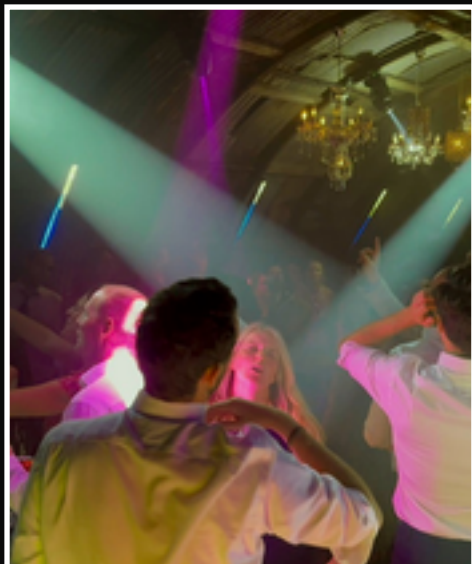

£200

THE EXPERIENCE

A stunning 75cm mirrorball suspended at the centre of the Glasshouse, directly above the dance floor. As the sun sets, it captures the light and reflects it beautifully around the room, creating a magical atmosphere. For the evening, the package also includes two moving-head lights, which can be set to either white or a range of vibrant colours.

KEY FEATURES

- XL mirrorball and motor.
- 2 x 200W LED moving-head lights.
- White, red, orange, green, yellow, light blue, pink and dark blue colours.
- Computer/iPad controlled.
